1. Purpose

Innova Solutions Inc. employees utilize email and messaging as key communication tools. Innova Solutions Inc. uses email, messaging, and customer-specific communication tools to communicate internally and externally. Messages may be sensitive in nature and contain confidential information that requires the establishment of policies and practices specific to electronic communications to safeguard company information. This includes the use, retention, and deletion of electronic communications. This Policy provides requirements that support compliance with confidentiality, integrity, and accountability in the Innova environment, align with business rules, and facilitate operations by promoting the efficient and optimal use of Innova Solutions Inc. Electronic Communication Systems.

2. Scope

The Innova Solutions Inc. Email and Electronic Communications Management Policy is a global policy that applies to the following:

- All Innova Solutions Inc. personnel who have a Company e-mail address.
- All Email messaging and Electronic Communication Systems within the Innova environment. This includes web-based systems, Electronic Communication System accounts, shared accounts (such as group email boxes), and customer-specific email domains.
- Electronic Messages inclusive of data classifications listed in the Innova Information Classification and Labeling Procedure.

4. Policy

Email is an essential component of business communication. Users are expected to be cautious when sending and receiving email from company accounts. This policy outlines expectations for appropriate, safe, and effective email use. The Innova Solutions Inc. IT (Information Technology) Department will administer the Innova Solutions Inc. email system in a manner that allows the user to be productive while working, as well as reducing the risk of an email-related security incident.

4.1 Email Systems

This policy applies to all email system **“items.”** Items can be emails, calendar records, tasks, reminders, and notes.

4.2 Storage

The following storage methods are prohibited:

- Local storage to laptop/desktop outside of the designated messaging application
- Transfer of any item to the user’s personal email account or any other non-Innova Solutions Inc. email account apart from appropriate customer accounts

- Cloud-based storage except as provided by Innova Solutions Inc.
- The hard drive or internal storage of any mobile device, tablet, smartphone, or any other mobile device.
- Removable media of any kind, including but not limited to portable hard drives, DVDs, CDs, and memory sticks.
- Personal email archives (in a personal storage file such as “.pst” or any other format) outside of the designated messaging application

4.2.1 Backup

Email will be backed-up following IT standards for retention and security.

4.2.2 Separated Employees - Email

The mailbox contents for separated employees are retained for 7 years.

4.2.3 Deletion

Email retention for all users is by default set to 7 years. The recycle bin for deleted items is configured to auto-delete every 90 days. All e-mail must be tagged with the appropriate retention tags.

4.3 Instant Messaging (IM)

Instant messages are presumed to have only momentary significance and are not intended to preserve content for future reference. Innova Solutions Inc. retains the right to log, capture, and review instant messages as warranted or as permitted by law.

4.3.1 Approved Messaging Systems

No unapproved IM clients be used for Innova Solutions business purposes, or for the written exchange of communications, information or attachments related to Innova Solutions Inc. business. Mobile devices will be managed to prevent the copying of company data between approved messaging systems and non-approved messaging systems. For example, Mobile Device Management will enforce the restriction of copying data from TEAMS to carrier-based text messages or What's App social media platforms.

4.3.2 Video Recording

Video recordings are intended to communicate information and preserve content for future reference. All Innova Solutions Inc.-related videos must be recorded using the approved video recording tool. The same policies for email and messages apply to video recordings.

4.3.3 Approved Video Recording Tool:

Microsoft Teams and Microsoft Stream are IT-approved video recording tools. Video recordings using client-specific meeting channels such as Zoom, WebEx, GoToMeeting, etc. should not be shared with unauthorized persons.

5. Email Security

- Innova Solutions Inc. associates must use Innova Solutions Inc. email for any business-related correspondence. Any non-Innova Solutions Inc. email (such as personal e-mail) usage for business purposes is prohibited.
- Email must be sent only via Microsoft Outlook within IT maintained tenants. Users are required

to utilize Microsoft Outlook Encryption and select “encrypt and prevent forwarding” option when sending messages that are confidential or above to users. Transport Layer Security (TLS) 1.2 or beyond is the only approved encryption standard for email.

- Employees shall observe copyright restrictions of any documents sent through or stored on electronic mail.
- The email facility, either officially or publicly accessible through Innova Solutions Inc. infrastructure or other means, should be used for legitimate official purposes only.
- All Incoming and outgoing attachment size via email shall be limited to those pre-defined and enforced through the company’s email platform. The size limitations vary and change over time. Users will be automatically alerted if their email exceeds our platform standards. Sending chain letters or joke emails from an Innova Solutions Inc. email account is prohibited.
- Company email must not be used for online registrations that are not specifically for business purposes.
- Employees must not open email attachments received from unknown senders. These types of emails may pose a security threat to the Company.
- Innova Solutions Inc. employees shall have no expectation of privacy in anything they store, send, or receive on the company’s email system. Innova Solutions Inc. may monitor messages without notice.
- Incoming and outgoing messages must be scanned at the email gateway and ensured to be clear of all known viruses and malicious code. Messages containing viruses or malicious code must be quarantined. This should be in the IT standards document.
- All outgoing email from Innova Solutions must contain the following disclaimer notice:

“Please consider the environment before printing.

This e-mail and any files transmitted with it are confidential and are intended solely for the use of the individual or entity to whom they are addressed. If you are not the named addressee, you should not disseminate, distribute, or copy this e-mail. Please notify the sender immediately by e-mail from your system. WARNING: Computer viruses can be transmitted via e-mail. The recipient should check this e-mail and any attachments for the presence of viruses. Although the company has taken reasonable precautions to ensure no viruses are present in this e-mail, the company cannot accept responsibility for any loss or damage arising from the use of the e-mail or attachments.”

6. Policy Compliance

6.1 Compliance Measurement

Compliance with this policy is mandatory for all the employees of Innova Solutions Inc., and it is to be reviewed periodically. Compliance will be measured by the internal or external audits.

6.2 Exceptions

There are no exceptions to this policy.

6.3 Non-Compliance

Any employee, trainee, contractor, or subcontractor found to have violated this policy may be subject to disciplinary action, up to and including termination of employment.

7. Disclaimer

Company's Absolute Right to Alter or Abolish the Policy

Innova reserves the right in its absolute discretion to abolish the policy and dissolve it at any time or to alter the terms and conditions. Such discretion may be exercised any time; before, during, or after the policy year is completed.
